DETAILED ACTION

1. The indicated allowability of claims 13-23, 26, and 27 is withdrawn in further review dependent claim 15.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claim 15 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claim 15, applicants recite, "...wherein in the step of crystallizing the oxide conductive film, the oxide conductive film is heated at a temperature equal to or less than the crystallization temperature...". This is found to be indefinite because it fails to distinctly claim the crystallization temperature because the claim is open to temperatures less than the crystallization temperature of the oxide conductive film to crystallize the oxide conductive film. Appropriate correction is required.

Allowable Subject Matter

4. Claims 13-23 and 26-30 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Conclusion

5. Applicants are encouraged, where appropriate, to check Patent Application Information Retrieval (PAIR) (<http://portal.uspto.gov/external/portal/pair>) which provides
